**GREENCAPE / SARETEC ADVISORY SERVICES**

**Solar PV Assessment & Installer Training Centres**

Context:

GreenCape and SARETEC are in a position to offer advisory services for interested Training Providers to become SAPVIA recognised training providers for solar PV Assessments and Installer training through an initial meeting followed by a site visit to the training facility.

Terms & Conditions:

The interested Training Provider shall bear all travelling costs for the GreenCape/SARETEC personnel to undertake the site visit to the training facility.

The advisory services approach would be against a checklist and supporting advice but no formal report will be compiled as no fees will be charged for this consultation.

The site visit shall not guarantee that the Training Provider will become a SAPVIA approved training facility due to the nature of the requirements.

In case the Training Provider is found compliant at the site visit, GreenCape/SARETEC will formally endorse to SAPVIA to register the Training Provider.

In case the Training Provider is not found to be compliant at the site visit, GreenCape/SARETEC will provide recommendations to the Training Provider to achieve compliance.
