Promoting safe quality Solar PV installations

## Terms and Conditions for Solar PV Installer Training Providers

### The Training Material

- SAPVIA will provide you with the final most up to date version of the reference training material free of charge.
- The training material will periodically be updated by SAPVIA and provided to approved training providers at no cost.
- Training providers may add components to the material provided it enhances the impact of the training while maintaining what is provided.
- Established training providers are welcome to offer the Solar PV Installer training as part of your training offerings.
- To ensure an open and transparent market, SAPVIA will not prescribe a pricing to the training and will leave this up to the individual training provider.

### The Training Provider

- The facility needs to be suitably staffed and equipped to offer the Solar PV Installer training.
- SAPVIA could at any time conduct a site visit to ensure the standard of training is being maintained.
- Training Providers need to supply SAPVIA with their training institution logo, relevant person contact details and a 100 word write up for the PV GreenCard website.
- Should you have available dates for upcoming training, this will also be included on the website as acquired. (this will be limited to the Solar PV installer training)
- Training Providers need to make a formal request for use to both the SAPVIA and PV GreenCard logos in advertising the Solar PV Installer training course.
- To ensure we keep track of the training, it is requested that within 10 days of completion of a training session; you provide SAPVIA with a list of all participants undertaking the Solar PV installer course with contact details

This Terms & Conditions need to be signed and returned together with the Application Form.
